Tribeca Resources Announces Non-Brokered Private Placement of up to C\$3M with Lead Orders from Three Sophisticated Investors

Tribeca Resources Corporation (TSXV: TRBC)(OTCQB: TRRCF) ("**Tribeca Resources**", the "**Company**") is pleased to announce its intention to complete a non-brokered private placement pursuant to which it will issue up to 9,090,909 units ("**Units**") at a price of C\$0.33 per Unit for aggregate gross proceeds of up to C\$3,000,000 (the "**Private Placement**").

Each Unit will be comprised of one common share of the Company (a "**Common Share**") and one-half of one Common Share purchase warrant of the Company (each whole warrant, a "**Warrant**"). Each Warrant will entitle the holder thereof to purchase one additional Common Share at an exercise price of C\$0.55 for a period of 24 months from the date of issuance of the Warrant.

The proceeds of the Private Placement will be used to advance the Company's La Higuera Project, for wider business development activities and general corporate purposes, as the Board of Directors of the Company may approve and direct.

The Company has received lead orders from a group of sophisticated European investors, including one existing shareholder and two new investors, totalling \$2,150,000.

Tribeca Resources CEO, Dr Paul Gow commented:

"This additional capital, underpinned by lead orders from one existing and two new cornerstone investors, means we are financed, not only to test the open extensions at the Gaby discovery, but potentially also to include further drill-ready targets at La Higuera in our planned Phase 2 drill programme. The quality of investors we have been able to attract are, we believe, a result of the exciting exploration potential at our La Higuera copper-gold project."

In connection with the Private Placement, the Company will pay a finder's fee comprised of 6% cash and 6% warrants to eligible finders in accordance with applicable securities laws and the policies of the TSX Venture Exchange (the "**TSXV**"). Closing of the Private Placement is expected to occur on or about July, 14 2023 and is subject to customary closing conditions, including receipt of all regulatory approvals, including the approval of the TSXV.

All securities issued pursuant to the Private Placement, including the Common Shares issued in consideration for services rendered in connection with introducing the Company to investors, are subject to a four month hold period.

About Tribeca Resources

Tribeca Resources is a copper exploration company focused on discovering and developing assets in the Coastal IOCG Belt of northern Chile. The company's management team, whose members are significant shareholders of the Company, has world-leading expertise and a discovery history with iron oxide copper-gold deposits in the world's great

IOCG Belts of the Carajás district in Brazil and the Gawler and Cloncurry provinces of Australia.

Tribeca Resources' objective is to provide the mineral resources for the next generation of copper mines in Chile. It is focused on building a portfolio of projects, with emphasis on mid to advanced-stage copper exploration and resource development projects. To this end, mineral targets are regularly assessed in pursuit of acquisition, strategic exploration and significant discovery.

Tribeca's flagship property is the La Higuera IOCG project that comprises 4,047 hectares of granted mining and exploration licences and is located towards the southern end of the Chilean Coastal IOCG Belt in the Coquimbo Region of northern Chile. The 822 hectare Gaby concession area is held under a purchase option (5% Exploration Levy on expenditure incurred during the option period; a US\$2 million final payment due March 2024; with a 1% NSR Royalty granted to the owner), with the remainder of the concessions being outright owned (100%) by Tribeca Resources. Further information about the project can be found in the NI 43-101 Technical Report lodged by Tribeca on SEDAR on 24 October 2022.
